

Benjamin Franklin Transatlantic Fellows Summer Institute At Purdue University Boiler UP !

A one life time
breath taking
experience !

We did it!

Now it's your turn !

Purdue University

22 min · 

Top high school scholars from the United States and Europe came to Purdue for the Benjamin Franklin Transatlantic Fellows Summer Institute, a U.S. State Department program designed to build relations among future leaders. Students took classes in international diplomacy, media and journalism, global problems, democracy and civic education. The institute was held June 27-July 20. (Photo by Nick Coma)

During one month

- We followed lessons about democracy, freedom of speech, international relations, diplomacy, sciences, civic education,
- We debated, discussed about the U.S., the E.U., the immigration crisis, the social problems, politics, environment, ...
- We discovered the American lifestyle in our wonderful host families.
- We met 35 awesome fellows from every corner of Europe (from Russia to the UK, from Norway to Greece) and 10 wonderful fellows from every corner of the U.S. (from Alaska to Texas, from Virginia to California).
- We went to Ed Sheeran concert's, musical, festivals, ...
- We exchanged, shared, built projects together, learnt together, ...
- We made contacts and friendships that will last a whole life !

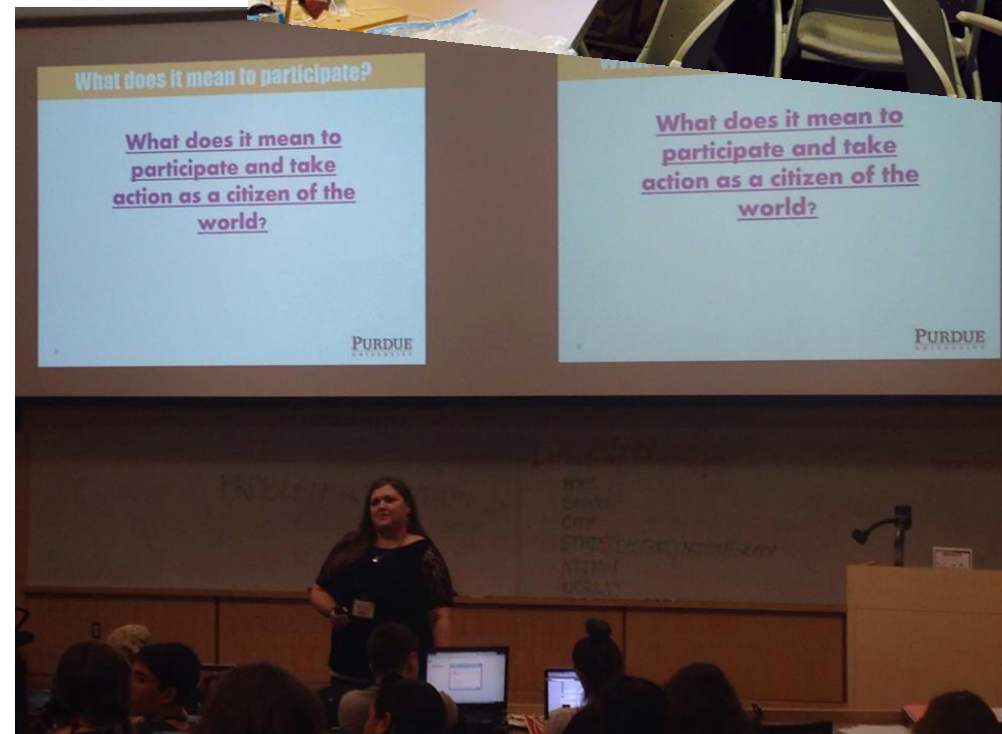

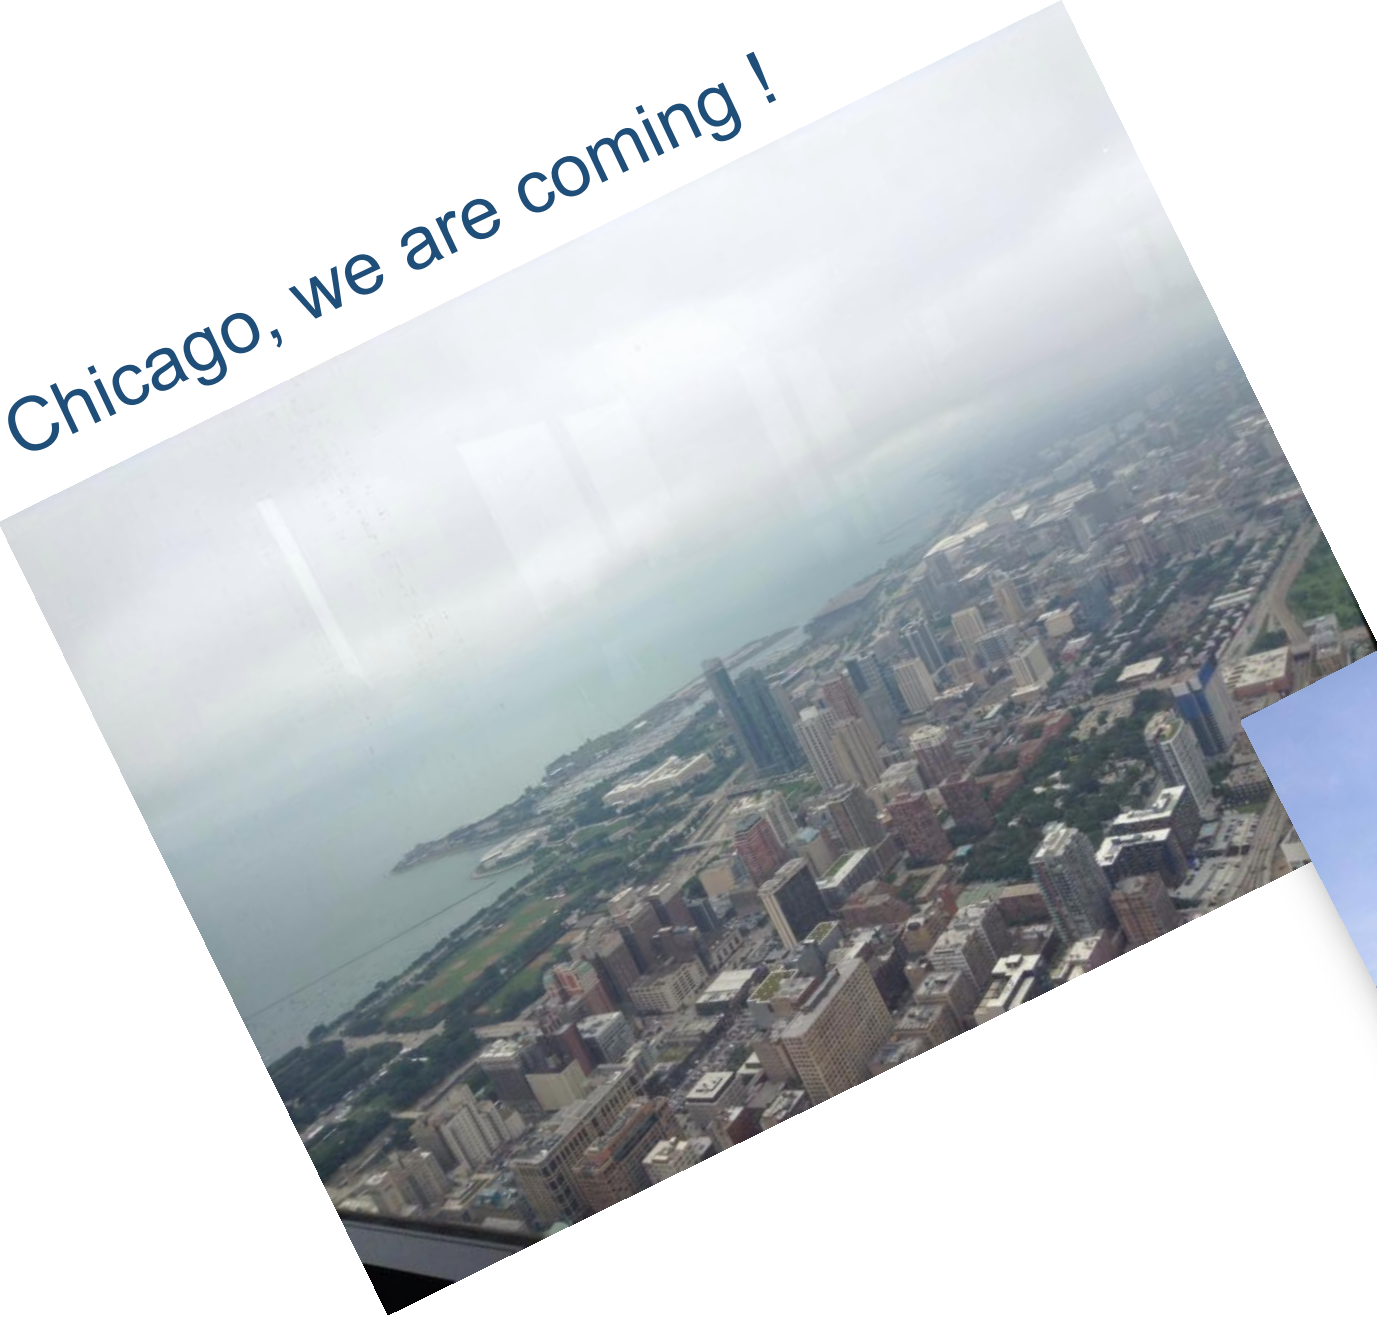

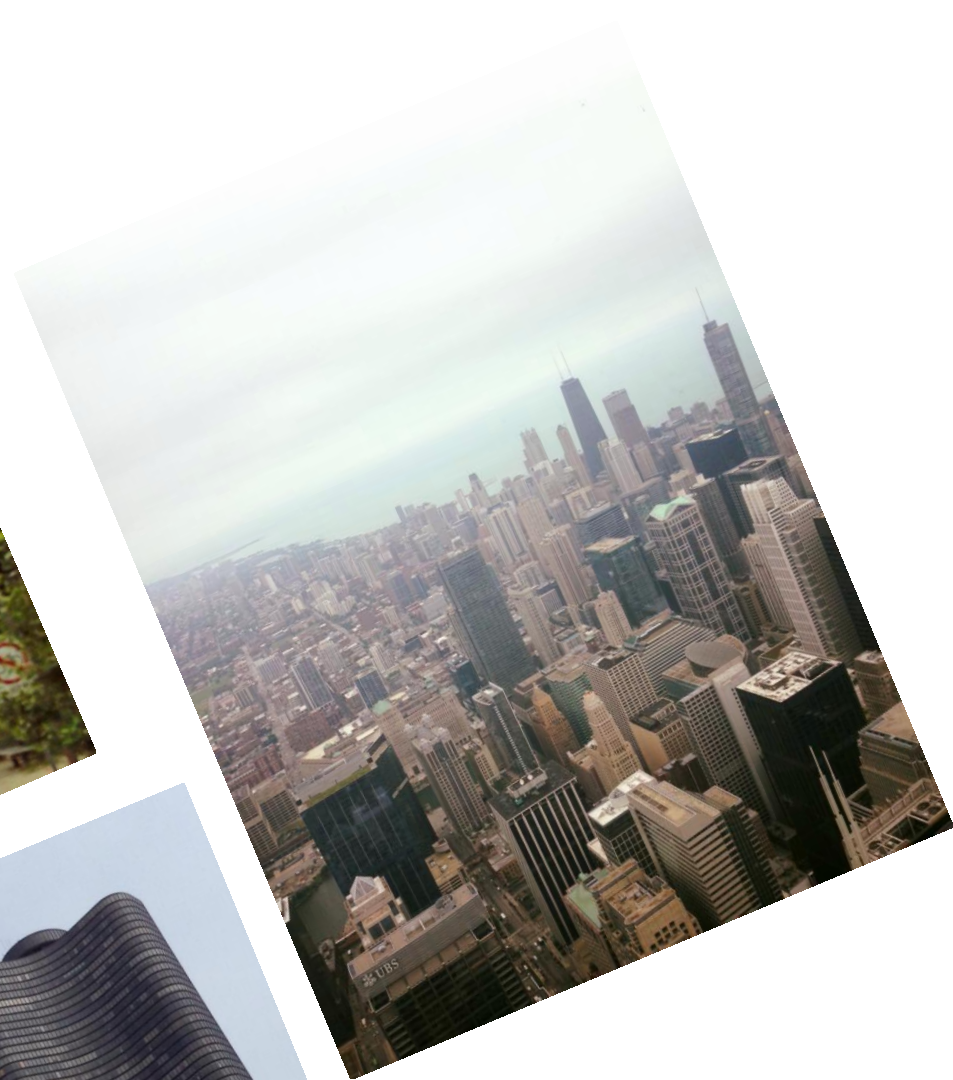

Chicago, we are coming !

Washington, here we are !

Debating at
"The US Department of State"
In Washington

At Ed Sheeran's concert !

Not convinced ? Check
these pictures ...

4th July
Independence Day

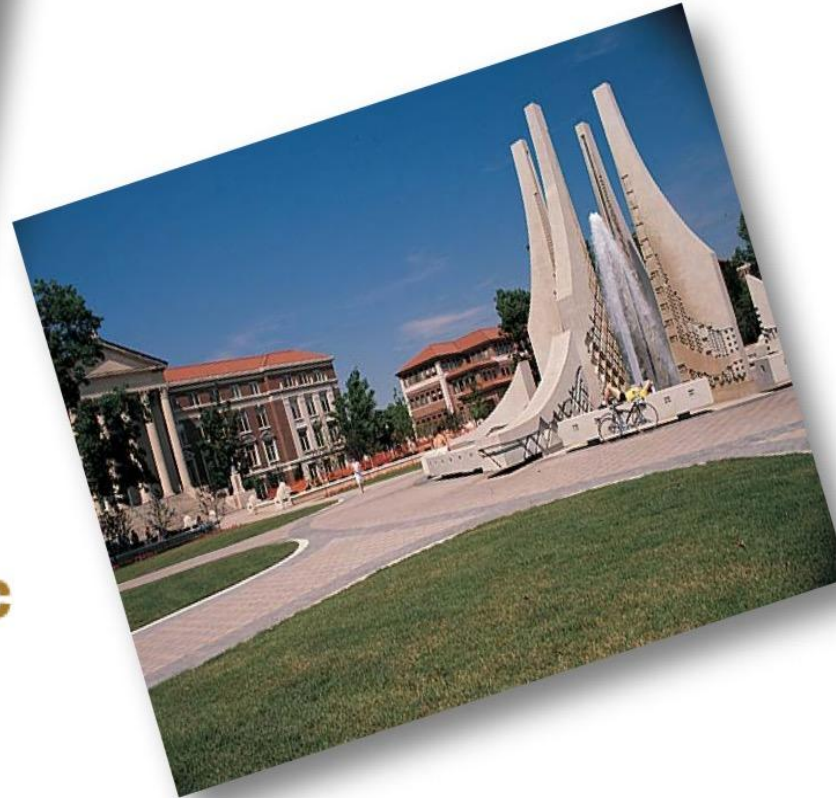

Thanks to the mentors, and all the fellows who
made this experience even more awesome !

Thanks U.S.A. !!!

And thanks to
Purdue University !

**BENJAMIN FRANKLIN TRANSATLANTIC
FELLOWS SUMMER INSTITUTE**

BFTF A BIG FAMILY !!!
